***EMPOWERING A SUSTAINABLE
ENERGY FUTURE***

WHO WE ARE

Makitas Energy is a clean energy solutions provider committed to powering Nigeria and Africa through innovation, sustainability, and accessibility. We deliver practical, scalable energy technologies that meet the growing demand for reliable, affordable, and clean power.

OUR CORE SOLUTIONS

Smart Solar Systems – Custom solar energy solutions for homes, businesses & industries

Battery Energy Storage – Reliable backup systems for grid stability and energy resilience

Energy-Efficient Appliances – High-performance devices that reduce energy waste and cost

EV Charging Infrastructure – Powering the transition to electric mobility across Nigeria

MEE Marketplace – A digital platform connecting buyers, vendors, and certified technicians with clean energy products and services

VISION

To lead Africa's energy transition by enabling communities and industries to thrive through clean energy.

MISSION

To make sustainable energy solutions accessible, affordable, and impactful across the continent.

WE ARE OPEN TO

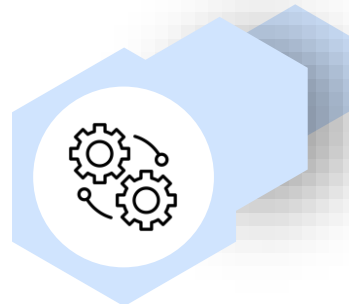

Product supply partnerships

Project collaborations

Service integrations
(technicians, developers, NGOs)

Investor and institutional
partnerships
